

SELF EMPLOYED DAYCARE PROVIDER DEDUCTIONS

The purpose of this worksheet is to help you organize your tax-deductible business expenses. For an expense to be deductible, it must be considered an “ordinary and necessary” expense for your profession. Employees: Do not include expenses for which you have been reimbursed, expect to be reimbursed, or may be reimbursed under your employer’s plan. Employee business expenses are deductible only if you itemize deductions. You will benefit from deducting employee business expenses only to the extent your total miscellaneous itemized deductions exceed 2% of your adjusted gross income (AGI).
